A Report on Campus Cleaning

By Mohammed Siddiq Khan.
BBA 1st Year.

On May 16 2023, Vivekananda Government Degree College (NSS UNIT II) Conducted/Organised a Clean and Green Programme in the College campus. The programme was scheduled from sharp 10:00am to 12:00pm. The main aim of this programme was to Clean the College and spread awareness about cleanliness. The programme started on time under the guidance of our NSS Unit II Programme Officer, Dr. Ch Kishore Kumar. At the outset our sir talked about the programme and its importance and further added that it is our responsibility to keep our college campus clean & green for better environment. In this programme we picked plastic waste, unwanted plants, huge, dried branches & dried grass. Later four students including me climbed on the roof of old block and cleaned garbage on terrace like dried leaves, mud etc. At 12:20pm the programme finished. It was a pleasure serving the college.
